Regatta Information

Venue: The River Clyde (Race control: West Boathouse, Glasgow Green, Glasgow)

Course: approximately 250m from the viewing platform on the Green to the West Boathouse.

Boating – Please boat in plenty of time for your race. There will be a Steps Marshal at the West Boathouse steps and pontoon to ensure crews boat as efficiently as possible. Do your bit by making sure you have everything ready to go before you get to the steps or pontoon, as you may hold someone else up if you delay by forgetting a cox box, blade, one-piece or crew member.

Crews should aim to be in the marshalling area between St Andrew's Suspension Bridge and Kings Bridge 10 minutes prior to their race start time. Crews will be marshalled provisionally into position under St Andrew's Suspension Bridge 5 minutes before their race is due to start. Any crew not present at that time will not be allowed to race.

Crews will be told to proceed to the start line once the previous race is underway.

Whatsapp Group - We ask all coaches and club assistants to join the dedicated 2024 Sprints WhatsApp channel for announcements and results.

Circulation – Boats should proceed upstream to the start on the North Bank (Strokeside/Port Bank) of the river, passing through North arches of all bridges.

Safety - All competitors and coaches must make themselves aware of the rules and guidelines covering the River Clyde. These rules and guidelines along with the SCOTTISH ROWING safety rules should be adhered to.

The regatta committee would like to draw particular attention to the rule stating that all coaches and club assistants on the towpath should carry throw ropes. Life belts are positioned at intervals of approximately 100m along the river bank. Another safety point we wish to emphasise is the turning of boats well clear of the gates of the tidal weir.

Medical assistance will be available from the West Boathouse. In the event of any emergency, however, please contact the emergency services yourself immediately on 999, prior to seeking further assistance from the regatta organisers.

Access - Competitors, coaches and visitors are requested to refrain from climbing riverside fences. Vehicular movement within Glasgow Green is regulated by Glasgow City Council. The stated limit is 5mph. In addition it would be appreciated if vehicular movement is kept to a minimum. Vehicles directed there must enter at the King's Bridge / King's Drive Entrance on the South East Corner of the Green. Hazard lights should be used by motor vehicles travelling on the Green.

Cakes – There will be a busload of buns and cakes, in addition to obligatory soup and bacon sarnies available for purchase at modest prices from the West Boathouse.

We accept contactless payment, and ask that you use this where possible rather than cash.

Clyde ARC wishes all competitors and spectators a fun day's racing!

Course Map

Provisional Draw

The draw is made up of multiple blocks of events, which can be identified via the race number, with block A starting at 1, block B at 101, block C at 201, and so on.

The approximate time column is provided as a guideline for when each race will run, but competitors in a given block should ensure that they are in the start marshalling area 10 minutes before the first race of the block is due to begin, where possible. Crews with a quick changeover (e.g. where members of a crew are entered in a race in consecutive blocks) should alert the steps marshals to this, and are encouraged to highlight this to race control who will communicate this information to the umpires.

Precise start times for races will be at the discretion of the umpires, and may proceed earlier than noted in the approximate start time column if both crews are available at the start and the course is safe.

This draw may change in the run up to the regatta, but we will attempt to ensure that any further changes occur to the run order within blocks rather than over the entire regatta to try and give a rough idea of start times for all competitors.
